

D&L Farm and Home - Denton is committed to being involved in the communities we do business in. Our roots are in the agriculture industry and we understand how much children gain from being a member of 4H and/or FFA.

We are excited to announce our 4H and FFA Rebate Program. To sign up simply have the club leader or ag teacher complete the club/chapter sign up form and return it to D&L Denton.

Here are the details:

Each participating club/chapter's purchases will be tracked and quarterly D&L Denton will donate back to the club/chapter 5% of that quarter's purchases. Checks will be written to the club/chapter.

To participate, a sign-up form must be completed with information about the club/chapter. As members of the club/chapter shop at D&L Denton they will be asked to complete a form with basic information and their name will be entered in the D&L Denton computer under the club/chapter name.

Individuals making purchases for their project animals will be asked to make those purchases under the chapter's name in the D&L Denton computer. To maintain the integrity of the program purchases made for non-project animals should not be rung up under the chapter's name and are not eligible for rebate.

D&L Denton will also provide each chapter with any product information or literature that they are interested in and will be available to provide assistance securing guest speakers or clinicians if needed.
